

DL Students - Volunteers Needed to Help Me Test!

Anyone can help me test, but this is particularly important for DL students. If you have about 10 minutes to spare at work, we are testing a new(ish) Blackboard web conference tool called "Collaborate Ultra."

If you want to help, you have two choices: Please [follow this link](#) and just see if you can get in, AND/OR contact the CLE helpdesk to also test your audio and complete viewing capability. We are at 831-656-2020 or clehelp@nps.edu

[When you're done, please fill out our really short survey by clicking here!](#)

Here is more information about Ultra, if you want: [Collaborate Ultra](#)

If one browser doesn't work for you, please try another if you can! **Please note that Internet Explorer 11 is not supported by Collaborate Ultra.**
