

Lessons

Lessons is a tool that allows an instructor to organize resources, activities, and media on a single page. You can have as many Lessons pages in your site as needed. Each Lessons page can be customized to suit the needs of the lesson, including links to other site tools, conditional release of items and content, student content pages, LTI tools, and more.

Instructors can organize the course by unit, module, week, topic, or any other grouping that makes sense for the site.

The Lessons tool allows many of the Sakai tools to be integrated into a single page and there are many appealing features:

- Page title
- Column break
- Section break
- Text item (i.e. content on the page)
- Images or videos embedded on a page
- Content links to items in Resources such as files or URLs
- Links to published assessments (Tests & Quizzes tool)
- Links to forums and topics (Forums tool)
- Links to individual assignments (Assignments tool)
- In-line question items on the page
- Links to subpages
- Items may be designated to different groups as required
- Comments on the page
- Links to Student Pages where students may create their own content
- Items may have prerequisites and other requirements (i.e. conditional release)

Multiple instances (left navigation items) of the tool can be created

The screenshot displays the Sakai Lessons tool interface. At the top, there's a navigation bar with 'LESSONS', 'ADD CONTENT', 'MORE TOOLS', 'SENDER', and 'TYPE'. Below this, the main content area is divided into columns. The left column features an image of a bird perched on a branch, with a 'Column Setting' label and a '5' icon. The right column contains a text block titled 'Wildlife Conservation' with a '2' icon, followed by a 'Quick Poll' section with a '10' icon. The poll asks 'Which of the following animals is the most endangered?' and lists options like Indian Elephant, Blue Whale, Black Rhino, Panda, Polar Bear, and 'I have no idea'. Below the poll is a 'Submit Answer' button and a 'Show Poll' button. At the bottom, there's a navigation bar with four tabs: 'Week 1 & 2', 'Week 3 & 4', 'Week 5 & 6', and 'Week 7 & 8'. The 'Week 7 & 8' tab is currently selected and has a '1' icon.

1. Page title
2. Text item (i.e. content on the page)
3. Content links to items in Resources such as files or URLs
4. Links to published assessments
5. In-line question items on the page
6. Items may be designated as required
7. Links to forum topics
8. Links to subpages
9. Student Comments on the page
10. Links to Student Pages where students may create their own content
