The NPS Enterprise Wiki provides the Naval Postgraduate School community, colleagues, research partners, and external customers an enterprise wiki to facilitate knowledge management, educate through the sharing of ideas, participate in discussions, and contribute to campus-wide projects.

This site has been developed to provide the NPS community with important information regarding usage and support of Confluence, the software which powers the wiki.

- **Becoming a Wiki Owner**  
  (NPS user account required) Information on the process to setup a new wiki space for your group or department.

- **Acceptable Use Guide**  
  Provides guidelines to help all users access, maintain, and contribute to wiki content responsibly.

- **Getting Started With Your Wiki**  
  Find FAQs, documentation, and help with getting started using the wiki.

- **Contact Info and Technical Support**  
  Technical support and webmaster contact information.
