How to Sign into Zoom for Government with SSO

Dear Colleagues,

We are now implementing Single Sign On (SSO) only as our login method. No more extra ZfG password to remember!

There are FOUR ways to log in and access your account on your computer; three using your browser (Chrome, Firefox, etc), and one way using the Zoom app.

1. Starting from Web Browser at https://myapps.microsoft.com/
2. Starting from Web Browser at https://nps-edu.zoomgov.com/
3. Starting from Web Browser at https://www.zoomgov.com/
4. Starting from Zoom Desktop App (Mac/Windows)

1. myapps.microsoft.com/

Starting from Web Browser at https://myapps.microsoft.com/

• Login with your NPS credentials.

• Click on Zoom for Government.
• **Pro tip:** Your "My Apps" site has all of your MS applications all in one spot!

2. nps-edu.zoomgov.com

Starting from Web Browser at [https://nps-edu.zoomgov.com/](https://nps-edu.zoomgov.com/)

• Click on **Sign In.**

![Sign In](image)

Faculty should use the Zoom app when teaching classes. Students can attend classes without a ZIG account via the Zoom App or web browser. DO NOT use personal Zoom accounts when teaching or attending class.

Download the Zoom App

You are accessing Zoom for Government, a FedRAMP Authorized cloud service. Zoom for Government does not access, or monitor customer meetings, content, chats, recordings or calls in any fashion. No ownership or other interest in any data processed by Zoom for Government is transferred as a result of such processing. In order to comply with the requirements of its FedRAMP Authorization, Zoom monitors and audits the platform's security and compliance controls. Unauthorized use of this cloud service is prohibited. Zoom also advises all customers to review the Zoom for Government Customer Responsibility Matrix, which includes, among other things, considerations for the use of unsupported features, devices or equipment that are not FIPS validated. Please acknowledge this banner by clicking below.
